Date: July, 12-16, 2010

Location: Edmonton, Alberta, Canada

For up-to-date information, please check [Announcements](#) .

The Seventh International Conference for

Mesososcopic Methods in Engineering and Science (ICMMES-2010) will be held at the University of Alberta (<http://www.ualberta.ca>) in Edmonton, Alberta, Canada.

Following the tradition established by previous ICMMES Conferences, short courses will be offered in the 1st day of the Conference, Monday, July 12, 2010, followed by 4 days of technical presentations.

Edmonton has an international airport (<http://flyeia.com/>) with direct connections with the major Canadian cities, with some major hubs in the US (Chicago, Minneapolis, Denver, San Francisco, Houston), as well as with London (UK).
